

SUSHANT SUBEDI

Project Manager Intern

Koteshwor, Kathmandu, Nepal | +977 9865295880 | subedisushant781@gmail.com

PROFESSIONAL SUMMARY

Motivated IT undergraduate with a demonstrated ability to lead projects from planning through delivery. Experienced in coordinating stakeholders, preparing project documentation, and applying Agile & Waterfall methodologies. Adept at translating complex business requirements into actionable project plans and managing timelines, risks, and cross-functional teams. Eager to contribute strong organisational and leadership skills as a Project Manager Intern.

CORE COMPETENCIES

Team Leadership & Coordination | Project Planning & Scheduling | Risk Management | Stakeholder Communication | Agile & Scrum | Waterfall SDLC | WBS & Budget Estimation | Proposal Writing | Documentation (BRD, SRS, Reports) | Process Improvement | AI & Digital Tools

PROJECT EXPERIENCE

Project Lead | AI Application Research – NextGen IT Solutions (Academic) | 2024

- Led end-to-end project planning for a website development initiative, coordinating team tasks and deliverables across all SDLC phases.
- Prepared comprehensive project documentation including WBS, budget estimates, timelines, and risk registers.
- Facilitated team meetings and stakeholder reporting, ensuring alignment on milestones and scope.
- Identified and proposed AI-driven opportunities to enhance reporting, planning, and decision-making efficiency.

Project Coordinator | Business Website Development – 'Boundless Moments' Photography (Academic) | 2024

- Coordinated the design and development of a multi-page business website, managing scope, timeline, and resource allocation.
- Gathered and translated business requirements into a functional system specification using structured SDLC practices.
- Liaised between client and development team to ensure deliverables met quality expectations and deadlines.
- Implemented role-based access controls and proposed operational efficiency improvements post-launch.

Research Lead | Seasonal Analysis of NEPSE Non-Life Insurance Sector (2020–2025) (Academic) | 2025

- Led a structured, data-driven research project analysing five years of market data to identify seasonal investment patterns.
- Coordinated analysis phases, managed timelines, and presented findings through a clear four-phase seasonal framework.
- Key findings highlighted a consistent 'July Effect' with strong returns and a recurring liquidity contraction in September, delivered as an actionable strategic report.
